

Established in 1947, Bognor Regis Camera Club brings together people with a common interest in photography.

Our members, of broad age range and ability, work mainly digitally and are always willing to give help and guidance. We enjoy a varied and stimulating programme of guest speakers, internal and external competitions, practical and creative sessions and a valuable exchange of ideas. There is also a programme of social events throughout the whole year.

If you like the idea of a friendly club with photography at its heart or wish to join a club to further your interest in all things photographic, then Bognor Regis Camera Club can certainly meet your needs.
